Notes on return condition:

Accountability and Care of Extractor Equipment - This equipment is for member use only. Damaged equipment costs are the responsibility of the member who is renting the equipment. Major damage in the past is due to extractor's **honey-gate position**. The gate should always be **open** when extracting (frames in motion). **Vibration** - from not having frames positioned properly and/or unit not secured. Do not use cleaning detergents as any residue will contaminate honey. Any Damage or Cleaning fees at the discretion of equipment manager.
